

ONLY EVERYONE

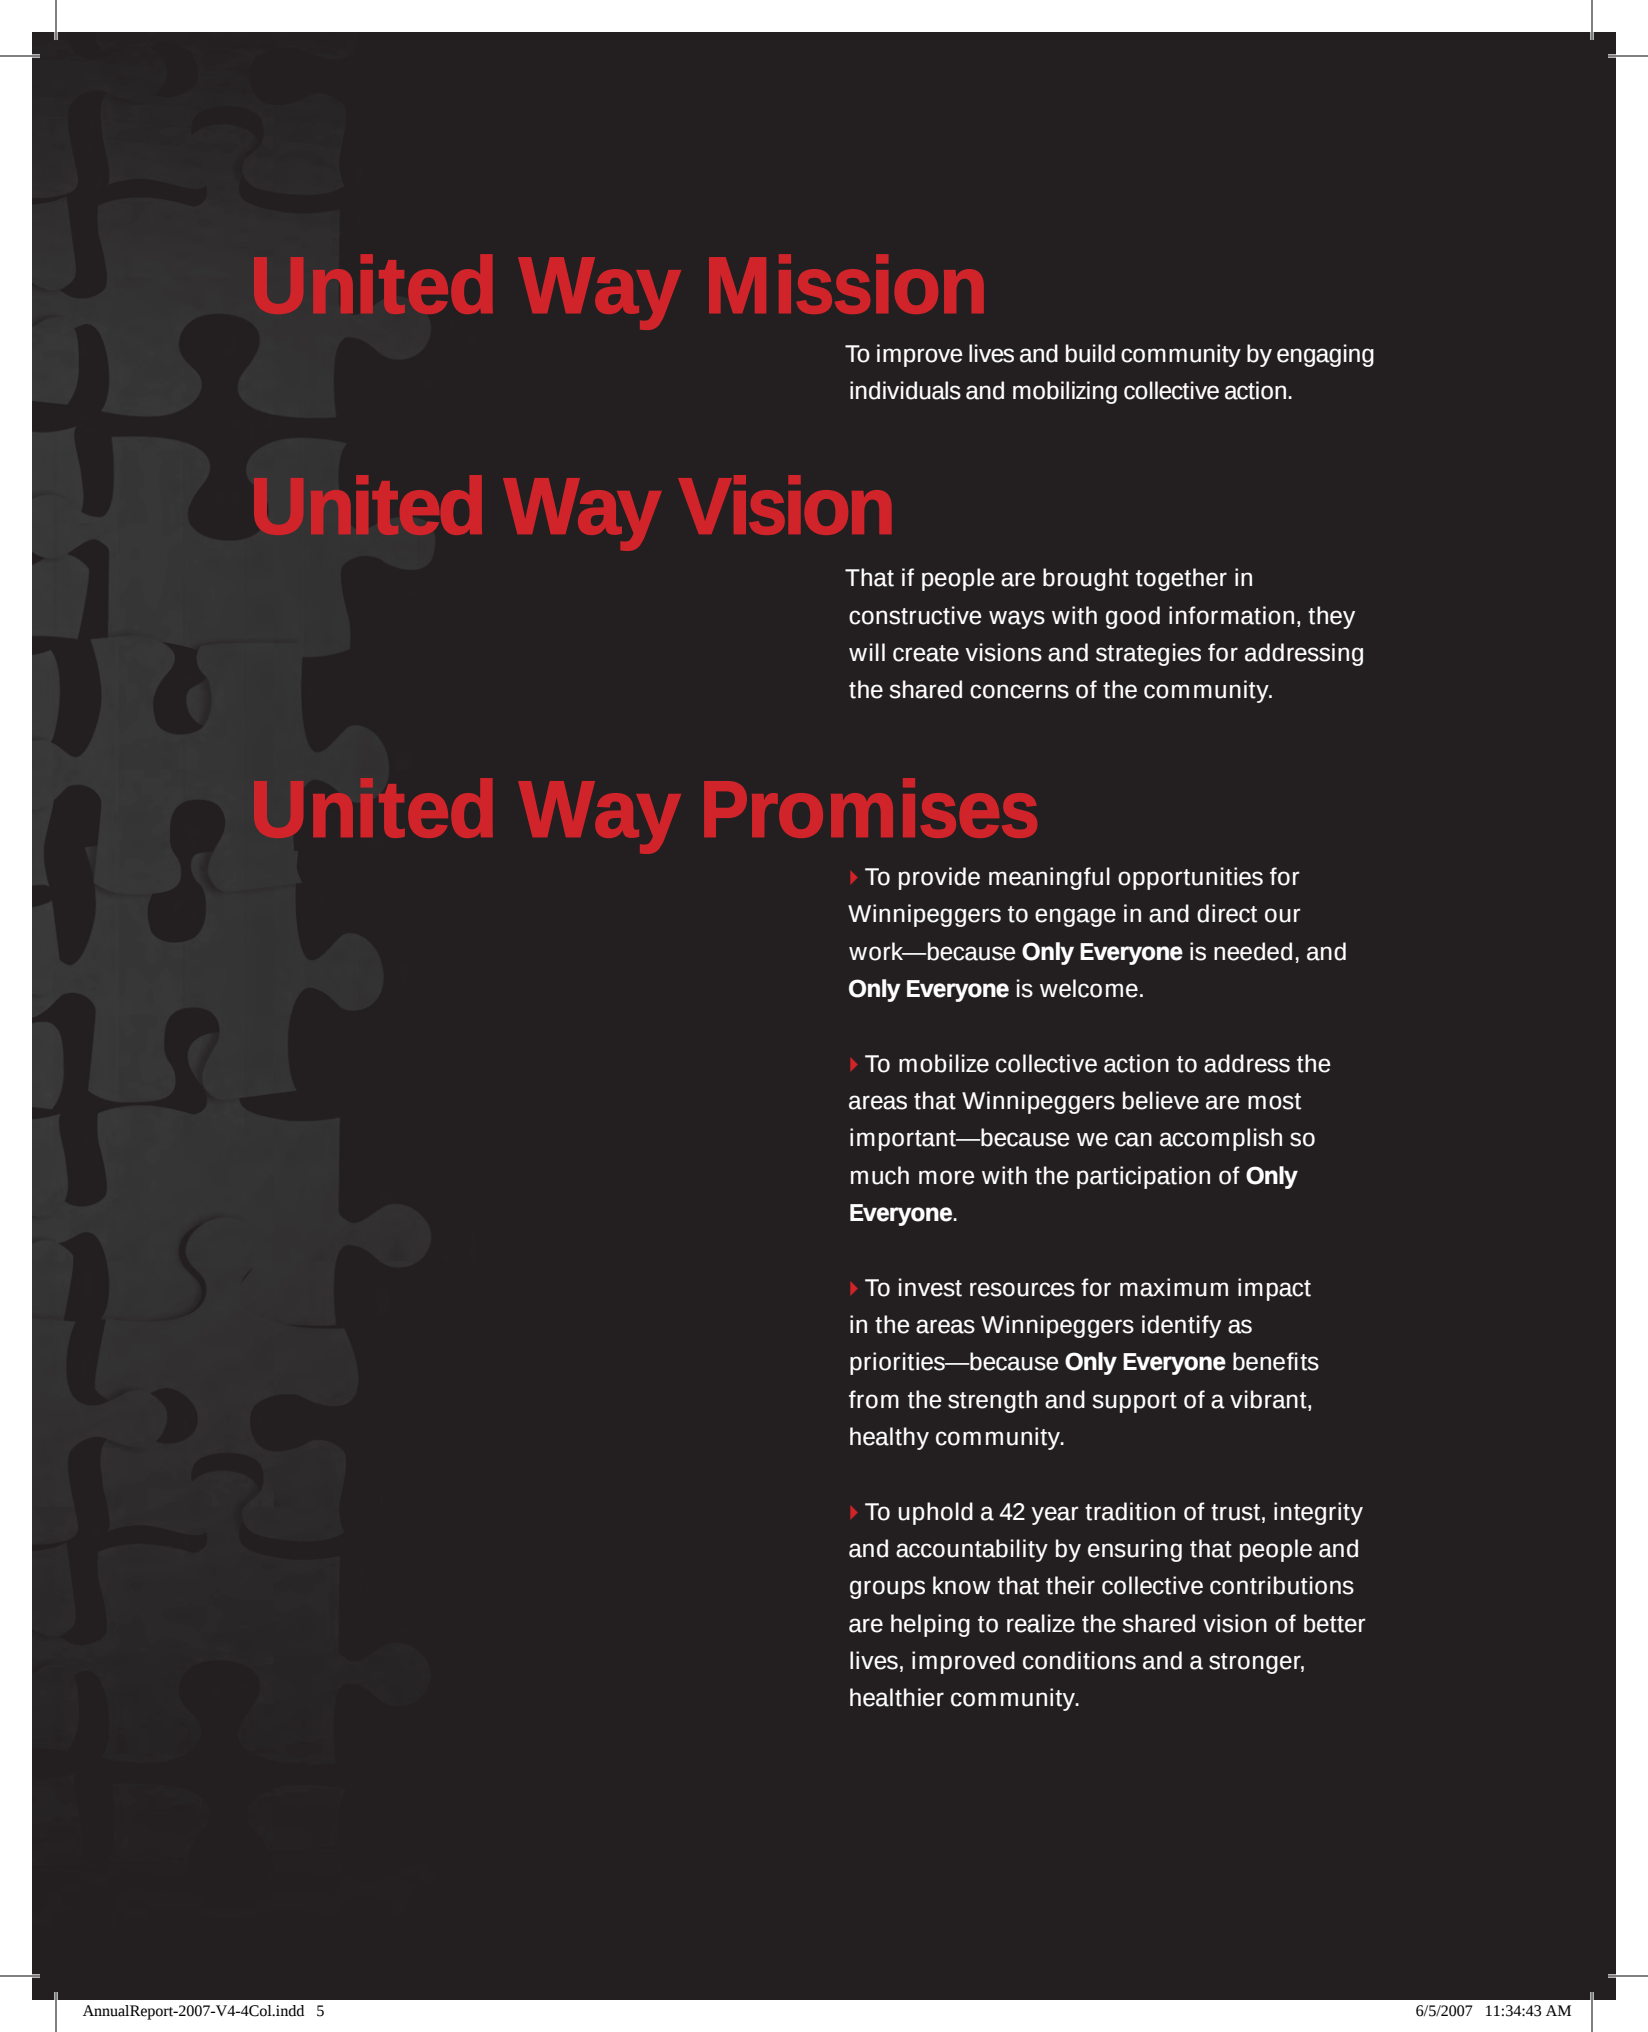

ANNUAL REPORT 2006/07

United Way
Winnipeg

United Way Mission

To improve lives and build community by engaging individuals and mobilizing collective action.

United Way Vision

That if people are brought together in constructive ways with good information, they will create visions and strategies for addressing the shared concerns of the community.

United Way Promises

- ▶ To provide meaningful opportunities for Winnipeggers to engage in and direct our work—because **Only Everyone** is needed, and **Only Everyone** is welcome.
- ▶ To mobilize collective action to address the areas that Winnipeggers believe are most important—because we can accomplish so much more with the participation of **Only Everyone**.
- ▶ To invest resources for maximum impact in the areas Winnipeggers identify as priorities—because **Only Everyone** benefits from the strength and support of a vibrant, healthy community.
- ▶ To uphold a 42 year tradition of trust, integrity and accountability by ensuring that people and groups know that their collective contributions are helping to realize the shared vision of better lives, improved conditions and a stronger, healthier community.

Chair's Message

What an amazing year it's been! As Chair of United Way's Board of Trustees, I had the chance to work with some of the most talented people and brightest minds in our city. Together, we set some bold objectives and prevailed through the hard work required to see them through.

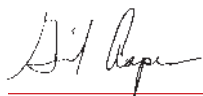

United Way is one of the most pro-active and ambitious organizations with which I have ever worked. No dream is too big and no obstacle is too daunting. In 2006, we set a large agenda, thinking we could accomplish so many things in just twelve months. The year has flown by, and as the dust settles it is clear that we have laid a solid foundation for fulfilling that agenda, and made enormous strides in making Winnipeg a better place for us all.

United Way has a huge responsibility to the community. Now more than ever, there is a need to effect change in this great city. Through bold and groundbreaking initiatives like **Urban Exchange** and the **Winnipeg Poverty Reduction Council**, United Way is finding new ways to engage individuals and mobilize collective action.

As we look ahead, one of the most promising initiatives that will have significant impact on the lives of all Manitobans is **211 Manitoba**. With support of the Province of Manitoba, we have come such a long way in the planning and preparation of this service. With the business case now complete, and with the continued support of the Province of Manitoba, our collective goal to connect thousands of Manitobans to a full range of effective social services, both to get help and to give help in their community, will soon be realized.

While all this planning and developing was happening, United Way's 2006 Campaign moved full steam ahead. Campaign Chair Nick Logan's leadership and passion fired up the entire city to get behind United Way's **most successful campaign ever**, with the never-ending vision and generosity of Winnipeggers donating a record breaking \$15.5 million!

Thanks to the brilliant leadership of President Susan Lewis and her talented and dedicated team, I continue to be amazed by United Way's ability to reach out and deeply connect with the people in every corner of this city. That connection and support has such a positive impact and is vital to making our community stronger. **Only Everyone, together**, has the ability to make a difference.

Gail Asper, Chair,
United Way of Winnipeg Board of Trustees

President's Message

As I look back on this past year, it is with pride that I reflect on the significant accomplishments we have made to ensure our contribution with and within our community remains relevant and fruitful for generations to come.

This document celebrates the contributions of **Only Everyone** to our community over the past year. Together, we have made great strides in addressing three key impact areas that Winnipeggers themselves tell us are priorities: encouraging successful youth, strengthening neighbourhoods and reducing poverty.

United Way's new three year plan builds on the experiences, successes and learnings gained over the previous three years. It is guided by Winnipeggers' vision for better lives, improved conditions and a stronger, healthier Winnipeg. The plan focuses on three key areas: **Engagement, Collective Action and Capacity Building**. Our goals are to build lifelong, meaningful relationships with our community. We will continue to stimulate, lead and participate in collective efforts that will effect change in our city, and build skills, knowledge and resources within the community and United Way.

The needs of our community are growing more complex so it is important that our organization grows as well. 2007 marked the year of a new Human Resources Strategy for United Way. As we look ahead, this strategy will ensure we increase our competencies to respond to our community's changing needs.

I would like to especially **thank the volunteers** who have not only donated their time, but also their thoughts and vision for our city. United Way continues to benefit from the very special partnerships formed between volunteers and staff. This close working relationship builds on individual strengths and makes the collective effort very powerful. Thanks also to Gail Asper for her energy, passion and tireless commitment to United Way and to Winnipeg.

A handwritten signature in cursive script that reads "Susan Lewis".

Susan Lewis, President,
United Way of Winnipeg

United Way provides meaningful opportunities for Winnipeggers to **engage** in and direct our work.

Only Everyone is needed, & Only Everyone is welcome.

United Way is truly an organization that is community connected, and community directed. Whether through donations of time, money, or thought, everyone who wishes to can play a part in creating and working towards Winnipeggers' shared vision of better lives, improved conditions and a stronger, healthier community.

Your City. Your Say.

Urban Exchange, United Way's advisory panel, is a brand new way for Winnipeggers to talk on an ongoing basis about social issues in the community that matter most to them.

Community members and the media were on hand to participate in the official city-wide launch of Urban Exchange on May 29th at the Forks. With the initial goal of 1000 panelists rapidly approaching, it is clear that Urban Exchange is inspiring new ways for Winnipeggers to think about – and engage in – their community.

Youth energy. Youth ideas. Youth action.

One of the most important predictors of success for young people is that they're meaningfully involved as volunteers in their communities, participating along with others to address the issues that they care about.

United Way's Youth Relations Council oversees a comprehensive youth engagement strategy that offers a wide range of opportunities for youth to contribute to positive change in Winnipeg.

For example, this year more than 200 high school students attended a United Way youth-led leadership conference. As well, the first-ever Youth Day of Caring brought more than 100 youth together from every part of our city to complete projects at 18 non-profit organizations in just one day.

Youth Relations Council members believe that it is their responsibility to encourage other young people to give back to their communities. With that in mind, they created and launched the Youth Leaders in Action Scholarship, a \$500 award that was recently presented to each of four recipients who have made a difference by volunteering or working with one of United Way's funded agencies.

Also in the past year the Shaw United Way Youth Connections group granted more than \$12 500 to 15 youth volunteer-driven projects in Winnipeg, celebrating its 100th grant to youth-driven community service projects that have involved 3500 young people since it's beginning.

Aboriginal relations.

The Aboriginal Relations Council leads a strategy that contains three pillars—building and enhancing knowledge, relationships and capacity within and between the Aboriginal community, United Way and Winnipeg's community at large. The strategy combines and leverages the strengths of the Aboriginal community, the youngest and fastest growing part of Winnipeg's population, as well as the strengths of United Way, in a collective effort to make Winnipeg a measurably better city today and for the future.

This year the Aboriginal Relations Council has increased the involvement of Aboriginal people and leaders within all parts of United Way's work. It continues to assist organizations throughout

the community in creating their own strategies for engaging with the Aboriginal community. The Council is currently planning a first ever Aboriginal Leadership Luncheon, hosted by an Aboriginal business, at which Aboriginal business leaders and business leaders from the community at large will build their understanding of, and relationships with, each other and with United Way of Winnipeg. The luncheon is planned for fall 2007.

The caring, connected community.

This year, like every year for more than a decade, United Way Day of Caring Programs connected hundreds of workplace volunteers and students with local service agencies to collectively take on meaningful agency projects. Events included landscaping, organizing special events and all types of renovation activities.

This year has seen one of the largest Day of Caring projects to date—building a 1500 square foot addition from the ground up at the Laurel Centre. So far, the work has spanned

9 months, and involved over 350 individuals from more than 40 organizations. The project has created more than space for the Laurel Centre and its clients. It has had a profound, life-changing effect for many of the participants who have come to view their community and themselves in positive new ways.

United Way mobilizes **collective action** to address the areas that Winnipeggers believe are most important.

We can accomplish so much more with the participation of Only Everyone.

United Way continues to be an organization that stimulates, leads, supports and participates in collective efforts to make Winnipeg measurably better. The issues that matter most to Winnipeggers cannot be solved by one organization or one person alone, but together we are bringing about positive change in our community, both now and for future generations.

2006 Campaign – bringing the community together.

The 2006 United Way Campaign soared over its fundraising goal, as volunteers and donors from all corners of our community rallied together to support the issues most important to them – encouraging success for youth, reducing poverty, and strengthening neighbourhoods.

Kicking off the campaign with the annual Plane-Pull event at Stevenson Aviation & Aerospace Training

Centre, over 1000 volunteers, workplaces, agencies, labour leaders and Cabinet members came together to celebrate the announcement of United Way's most ambitious fund-raising goal to date.

"Campaign 2006 was really a good news story for Winnipeg," says 2006 Campaign Chair Nick Logan. Nick's Cabinet surpassed the Campaign goal of \$14.7 million, raising \$15.5 million through the hard work, commitment and generosity of tens of thousands of Winnipeggers.

"In addition to surpassing our original goal, this United Way campaign proved that Winnipeggers are, once again, among the most generous in Canada."

United Way of Winnipeg's annual campaign continues to grow year over year, with an increase of 27% in total money raised in the last three years alone.

[www.UnitedWayWinnipeg.mb.ca/
campaign.html](http://www.UnitedWayWinnipeg.mb.ca/campaign.html)

The Tomorrow Fund – an investment in the future.

The Tomorrow Fund is a permanent capital fund. The investment income is used to maintain the real value of the fund and to support projects that address emerging community issues.

This year was especially remarkable for The Tomorrow Fund thanks to a visionary gift of \$500 000 from David and Ruth Asper. Their gift will support United Way's work with inner-city youth, a long time passion of theirs. Says Ruth, "My husband and I feel that our gift will do much to provide vital opportunities for the youth of our city as well as being our way to invest in Winnipeg's future generations."

The Tomorrow Fund continues to grow, realizing a 93% increase in the last three years. This growth has occurred through outright gifts and bequests.

Making visions realities.

With 42 years fostering deep, trusting relationships with all sectors of the community, United Way of Winnipeg continues to work with individuals and organizations that have special hopes and dreams for the community, helping to transform their visions into realities.

One such example is the Institute for Asset Building, the vision of United Way and SEED Winnipeg. This innovative project will create a robust network of professionals and resources dedicated to providing thousands of Winnipeggers the tools they need to transition out of poverty through the acquisition of financial assets.

United Way of Winnipeg knows that when community members work in partnership to address the most pressing needs, amazing things can happen.

Catalyst for sustainable change.

The effects of poverty in our community touch everyone. Despite progress in addressing its root causes, all-too-many Winnipeggers face this harsh reality.

United Way recognizes that no lone organization can successfully address poverty. As a result, over the past year United Way has built strong community support for a new collective effort—the Winnipeg Poverty Reduction Council. This 18 person council, comprising senior leadership from every sector of our city, will work to significantly reduce poverty in Winnipeg.

With the first meeting scheduled for June 2007, the collective action of this council will create sustainable opportunities for people to lead full and productive lives.

United Way **invests resources** for maximum impact in the areas Winnipeggers identify as priorities.

Only Everyone can benefit from the strength and support of a vibrant, healthy community.

United Way invests in strategies and solutions when and where they are needed most, addressing the root causes of social issues.

United Way facilitates immediate and sustainable results in the areas that are most important to Winnipeggers by providing ongoing support to a knowledgeable, results-driven network of service partners, and developing new initiatives to inform and influence systems and policies.

Encouraging success for youth.

Winnipeg's children and youth are quickly becoming tomorrow's leaders. United Way is committed to supporting programs that provide youth an environment in which to make positive choices and lead full, productive lives.

Last year, over 100 000 youth visits were made at mentoring programs, after-school programs and recreational activities supported by United Way.

United Way directly funds a coalition of 17 community-based youth serving agencies that are able to share resources and best practices that strengthen youth-focused programming throughout the inner city community.

United Way has also partnered with a downtown area resource centre that responds to the immediate health and safety needs of homeless youth, providing counseling, peer support and drug-cessation groups.

Another partnership was formed this year with a Selkirk Avenue transition program that helps youth who have dropped out or are suspended from school. The program keeps young people learning while preparing them for re-entry into the school system.

Reducing poverty.

United Way is committed to providing opportunities for individuals and families to move along the pathway from poverty to self-sufficiency. Our funding supports economic development activities, social enterprises, asset building programs for low-income families and pre-employment and job readiness programs.

Every day last year, an average of 730 people accessed United Way supported programs proven to build self-reliance and help transition people out of poverty.

Yielding some encouraging statistics in this area, the Asset Building Network is a collaboration of United Way and five local community-based agencies. It builds the capacity of low-income families through money management, peer support, consultation and savings matching. The savings are put toward assets that yield long-term benefits such as education, training, small business or home ownership. Participants in Winnipeg's Asset Building program boast a remarkable 81% graduation/retention rate.

Strengthening neighbourhoods.

United Way is committed to supporting programs and initiatives that bring people together and empower them to build their own safe and healthy neighbourhoods.

Often located in low-income areas and within public housing complexes, the community centres that United Way funds provide a vital link for neighbourhood residents. In the last year, over 92 000 Winnipeggers had access to 18 United Way funded community resource centres and one neighbourhood alone reported more than a 60% drop of vandalism and complaints to police in the same year one of these centres opened.

United Way continues to push closer to the goal of making a 211 service a reality in Manitoba.

211 Manitoba will be available round-the-clock, connecting people to a full range of non-emergency, social, health and government services. Intended to complement existing referral systems, 211s have already proven invaluable in Ontario and Alberta.

In the past year, with the support of the Province of Manitoba, a comprehensive business plan has been completed. The plan illustrates the need for such a service in Manitoba, and forecasts that the benefits of 211 Manitoba will exceed costs by a 4-to-1 ratio.

Treasurer's Report

United Way's financial stewardship practices are driven by its core values including: adherence to the highest standards of excellence, accountability and impact, prudent use of resources, and the provision of fair, accurate and honest disclosure of information.

In 2006/07, the Board of Trustees with the support of the Finance & Administration Committee:

● **Developed, implemented and closely monitored a financial plan to focus the investment of human, financial and in-kind resources:**

▶ In 2006/07, in accordance with the financial plan, total resources of \$22.5 million were invested to achieve the organizational goals, strategies and the desired outcomes for the community.

▶ With the support of an annual grant for fundraising and administrative expenses from the Province of Manitoba, United Way has been able to invest donations collected through the annual campaign directly in strategies for reducing poverty, building strong neighbourhoods and encouraging success in youth.

▶ Based on the 2005 campaign achievement of \$14.3 million, United Way invested \$12.9 million in 90 community organizations that support our areas of focus and over \$1.4 million in United Way community programs and initiatives such as Poverty Reduction Strategy, Aboriginal Relations Strategy, Shaw United Way Youth Connections, Koats for Kids, the Union Counsellor Training Program, Day of Caring, 211 Manitoba and other

community initiatives. A further \$2.8 million was distributed to specific agencies in accordance with the wishes of donors.

▶ The 2006 campaign achievement of over \$15.5 million will be invested in our community during 2007/08.

● **Managed the investment of funds to preserve capital, achieve maximum returns and provide cash to meet long-term funding requirements:**

▶ Over the past two years, investments yielded above average returns (9.3% 2006/07, 14.5% 2005/06).

▶ The Board of Trustees approved an expenditure of investment income in 2006/07 equal to 6.5%, which was based on average annual rate of return achieved by United Way over the five years ended March 31, 2006. The remaining investment income will be held in the Stabilization Fund to provide consistency in cash flow from investment income into the future.

Chris O. Couture, F.C.A. - Vice-Chair, Finance & Administration

Financial Statements

Auditors' Report on Summarized Financial Statements.

To the Members, United Way of Winnipeg

The accompanying summarized balance sheet and statement of community and operating activities and changes in fund balances are derived from the complete financial statements of the United Way of Winnipeg as at March 31, 2007 and for the year then ended on which we expressed an opinion without reservation in our report dated May 10, 2007. The fair summarization of the complete financial statements is the responsibility of management. Our responsibility, in accordance with the applicable Assurance Guideline of The Canadian Institute of Chartered Accountants, is to report on the summarized financial statements.

In our opinion, the accompanying financial statements fairly summarize, in all material respects, the related complete financial statements in accordance with the criteria described in the Guideline referred to above.

These summarized financial statements do not contain all the disclosures required by Canadian generally accepted accounting principles. Readers are cautioned that these statements may not be appropriate for their purposes. For more information on the entity's financial position, results of operations and cash flows, reference should be made to the related complete financial statements.

Notes to the Summarized Financial Statements

Community Fund

The source of the Community Fund is all resources dedicated or directed to supporting investments in the community including: donations to the annual campaign; program sponsorships; government and non-government grants; gifts-in-kind; and investment income allocated through the annual budgeting process. These resources may contain restrictions imposed by the donor or provider (i.e. allocation to a particular agency or investment in a particular program, initiative or area of service) or they may be unrestricted.

The purpose of the Community Fund is the investment of unrestricted resources in the community through funding in accordance with partnership agreements and expenditures for community services, programs and/or initiatives which support sustainable community solutions to pressing social issues. Restricted resources will be allocated or expended in accordance with the directions of the donor.

Operating Fund

The source of the Operating Fund is the accumulation of resources dedicated or directed to cover the operating and development costs of United Way including: Provincial funding; sponsorships; other government and non-government grants; special events; gifts-in-kind; and investment income allocated through the annual budgeting process.

The purpose of the Operating Fund is expenditures on: resource development; management and administration; marketing and

communication, administration of community investments, research and development and purchase of capital assets for operating purposes.

Capital Assets Fund

The Capital Assets Fund was established to record the investment in unamortized capital assets. The purchase price of capital assets is funded through transfers from the Operating Fund. On an annual basis, amortization expense is charged to the Operating Fund.

Stabilization Fund

The purpose of the Stabilization Fund is to support community service levels and United Way operations in special circumstances. The Stabilization Fund will be maintained at a minimum of 10% of the budget for each year for core on-going operations. The minimum level will provide for a continuation of core operations for a period of at least one year even where special circumstances cause a significant decrease in resources available. In the event that the decrease in core revenues was anticipated to continue for a longer period of time, the one-year period will provide an opportunity to make needed adjustments to expenditures in the most strategic and humane way possible.

The Tomorrow Fund

The source of The Tomorrow Fund is permanent capital gifts made by donors to provide ongoing benefit to the community and a portion of the investment income earned on the Fund. These gifts may contain restrictions imposed by the donor (i.e. governing the use of investment income) or they may be unrestricted. Separate capital records are maintained for each capital gift to ensure that the directions of the donor are implemented accurately.

In order to preserve the purchasing power of The Tomorrow Fund, the portion of the annual investment income equal to the Consumer Price Index is capitalized to the Fund on an annual basis.

Investing in Strategies

United Way is building a stronger Winnipeg by providing people with a network of care when and where they need it. Through building partnerships with over 90 community-based agencies and investing in proven strategies, United Way addresses immediate needs and finds long-term solutions to pressing issues.

OUTSTANDING PERSONAL COMMITMENT

Each year, United Way looks to committed supporters to make a personal donation that reflects their desire and ability to positively impact the well-being of our community. We're proud to have a Leadership Giving program and a Partners program which both give special recognition and inspire others to give at similar levels.

LEADERSHIP GIVING

In 2006, 1660 Leaders of the Way gave gifts between \$1200 and \$100 000+.

THE TOMORROW FUND

United Way's endowment fund

was launched in 1990/91 with gifts from members of the Quarter Century Society in celebration of United Way's 25th Anniversary. Through donations, gifts of life insurance and bequests, Winnipegers are demonstrating their commitment to the future of our city and leaving a legacy for future generations.

Each year, the investment income earned is capitalized to the level of inflation to ensure the true value is maintained. The balance of the investment income funds new projects that address emerging issues in our community.

DAY OF CARING

In 2006, 86 Day of Caring projects were completed in Winnipeg. Workplaces and organizations share their

resources to assist United Way funded organizations in the completion of painting, renovations, event planning and landscaping projects. These projects would not have happened without the volunteers. Thank you to the workplaces and organizations that demonstrate caring and commitment to their community.

INVESTING IN OUR COMMUNITY

The Community Investment Committee works to maintain year-round relations with United Way funded agencies and other community groups within Winnipeg. Committee members spend more than 2000 hours each year analyzing community needs, reviewing requests for funding and meeting with United Way board and staff to decide how United Way dollars will have maximum impact in our community.

IT TAKES THOUSANDS TO RAISE MILLIONS

Each year, thousands of Winnipeggers get involved in the United Way campaign effort. From the section chairs who recruit account executives, who, in turn, personally visit the management of a company or organization to ask for support; to the vast networks of employee campaign chairs and canvassers who commit hundreds of hours to employee campaigns.

BORROWING THE BEST

Each year, employers generously sponsor or loan an employee to join United Way's full-time campaign team. After an intensive five-day training session, Sponsored Executives work in the community, managing hundreds of workplace campaigns and connecting with Winnipeggers from all walks of life. Thank you Sponsored Executives & sponsoring companies!
